| <input checked="" type="checkbox"/> Schools or universities | <input type="checkbox"/> Media |
| <input type="checkbox"/> Health care providers | <input type="checkbox"/> Local public health departments |
| <input type="checkbox"/> State public health departments | <input type="checkbox"/> Policymakers |
| <input type="checkbox"/> Hospitals, clinics or managed care organizations | <input type="checkbox"/> Other: |

Background on the intervention:

Project SUCCESS (Schools Using Coordinated Community Efforts to Strengthen Students) aims to prevent and reduce substance use among high-risk, multi-problem high school adolescents. The program places trained professionals in schools to provide a full range of substance use prevention and early intervention services.

Findings from the systematic reviews:

The Substance Abuse and Mental Health Services Administration (SAMHSA) lists Project SUCCESS as a model program. See the link below for more information.
